DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

To The Specification

On page 2, in the preliminary amendment, in line 4, replace "2002;" with --- 2002, now U. S. Patent No. 6,720,220;--.

Status Of Claims

Claims 22-27 are in the application.

Allowable Subject Matter

Claims 22-27 are allowed.

Examiner's Statement As To The Reasons For Allowance

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 22-27 is the inclusion therein, in combination as currently claimed, of limitation of a method of manufacturing a semiconductor device having a MISFET forming region and a gate lead-out region comprising inter alia the following limitations found in claims 22 and 25: Forming a trench in the MISFET forming region of a major surface of a semiconductor substrate; forming a gate insulating film of a MISFET in the trench; forming a conductive film over an entire area of the major surface of the substrate such that the trench is

filled by the conductive film through the gate insulating film and over a gate lead out region; selectively etching the conductive film to form a gate electrode in the trench and to form gate lead-out electrode which is integrally formed with the gate electrode and wherein the top surface of the gate electrode is lower than the top surface of the semiconductor substrate in the gate lead-out region. The limitation found in claims 22-27 is neither disclosed nor taught by the prior art of record, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
